October 24, 1952

Dear Member:

At last the good news we have all been wanting to hear! The time has come to announce that the end of the reconstruction work at Harwood Lodge is close at hand. By hard work every week-end until the first of December, we can have it fully restored to normal, plus the use of all the new features which are almost ready.

There is a little plumbing left to do, a little carpentry, some easy plastering, a little heavy work outdoors, a little more wood to cut, a lot of little odd jobs, and the two big jobs remaining are the easy ones. These two jobs are those of putting on the wall material and the painting.

How about it fellow Sierra Clubber? The job foremen earnestly need your help now and in a big way. If they have large work crews every week-end to the first of December, they can put the job over. Thirty five men and thirty five women are needed each one of these week-ends.

Can you fill any of the jobs needed? If so, will you go up now and help for one more week-end? Pick your week-end and check the item on the back of this sheet how you wish to help and return in the enclosed envelope.

Sincerely yours,

Byron Graff
Byron Graff

Coordinator of Building for the Lodge

____ YES, I WILL COME OUT TO HELP FINISH THE WORK AT HARWOOD ON:

____ NOVEMBER 1-2

____ NOVEMBER 22-23 - 1952

____ NOVEMBER 15-16
